

# SECOND-CHANCE-TO-PASS PROGRAM

## BOSTON APICS SECOND CHANCE TO PASS POLICY

**Boston APICS is committed to helping our students pass their PMP, CPIM and CSCP certification exams. As part of that commitment we offer our Second Chance to Pass program.**

*Students of our public classes who have attended all classes and completed all assignment and have taken and did not pass the certification exam within two months of the last class of that session may at no charge attend the next public class we conduct in this same topic at no charge.*

### **EXAMS:**

- **PMP**
- **CSCP**
- **CPIM: BSCM or ECO or DSP or MPR or SMR**

**Students are expected to use security access previously provided for on-line applications (ie; no renewals) and to use reading materials supplied from prior classes.**
